The owner of an income-producing building, which is listed in the National or Georgia Register of Historic Places and has been designated by the City of Atlanta as a Landmark Building or a contributing building in a Landmark District, may obtain preferential property tax treatment. The building must be in standard repair or already have undergone rehabilitation. For purposes of tax assessment for City of Atlanta taxes, excluding bonded indebtedness, the fair market values of the building and up to two acres if land surrounding it, is frozen for eight years at the level existing at the time of application and certification. In the ninth year, the fair market value is fixed at one-half the difference between the frozen value and the current fair market value. The application for this tax freeze must be filed by December 31st of the year before the freeze will go into effect. For further information, contact Karen Huebner, Atlanta Urban Design Commission, 55 Trinity Avenue, SW, Suite 3400, Atlanta, Georgia 30335-0331 (404-330-6200).

Qualifying rehabilitations must meet the standards promulgated by the Department of Natural Resources and must have increased the fair market value of the building by not less than 50% for owner-occupied residential real property, or not less than 100% for income-producing real property.
